

COMMON

- Added accessories can affect a motorcycle's stability, performance and safe riding speed.

ACCESSORY SOCKET

ACCESSORY SOCKET

- The maximum power rating of connected accessories is 24W (12V, 2A).
- Use accessories with engine running to avoid discharging the battery.
- Do not use a cigarette lighter, as this can cause a malfunction.
- Cover the socket with the cap when the accessory socket is not used to prevent entry of foreign objects.
- Carefully secure any connected devices, as vibrations may cause them to shift unexpectedly.

FRONT FENDER PANEL

FRONT FENDER PANEL

- When this accessory becomes dirty, rinse it thoroughly with cool water to remove loose dirt, then wipe with a clean cloth or sponge. Do not use a brush to clean this accessory as it may scratch the surface.
- Never use organic solvents such as gasoline, thinner and benzine to clean this accessory. Also do not use acid or alkaline cleaners to clean this accessory. Wipe up spilled brake or battery fluid at once as they may damage the surface.

FRONT VISOR

FRONT VISOR

- When this accessory becomes dirty, rinse it thoroughly with cool water to remove loose dirt, then wipe with a clean cloth or sponge. Do not use a brush to clean this accessory as it may scratch the surface.
- Never use organic solvents such as gasoline, thinner and benzine to clean this accessory. Also do not use acid or alkaline cleaners to clean this accessory. Wipe up spilled brake or battery fluid at once as they may damage the surface.

Genuine Accessory User's Guide

HIGH WIND SCREEN

- Replace this accessory with a new one if it is damaged or discolored excessively.
- When this accessory becomes dirty, rinse it thoroughly with cool water to remove loose dirt, then wipe with a clean cloth or sponge. Do not use a brush to clean this accessory as it may scratch the surface.
- Never use organic solvents such as gasoline, thinner and benzine to clean this accessory. Also do not use acid or alkaline cleaners to clean this accessory. Wipe up spilled brake or battery fluid at once as they may damage the surface.
- If the motorcycle is left covered for an extended period of time, park in the shade. Parking a covered motorcycle in direct sunlight can cause the high wind screen to deform due to heat buildup under the cover.
- Handle this accessory with care. It can be damaged when it is bent excessively or is subject to strong shock or impact.
- Select a firm, level surface when you park the motorcycle. Also bear in mind that strong wind can cause the motorcycle to topple to the ground.

QUICK SHIFTER

- Do not disassemble the quick shifter.
- If you cannot shift up by operating the quick shifter during acceleration (Engine speed is more than 1,500 rpm), a failure may occur. Please contact your Honda dealer for assistance.
- If the gear position display is not normal, the shift feeling may change.
- When the shift change do not operate normally, the shift change by clutch operation can be operated.

OPERATING INSTRUCTIONS

- **This accessory enable the shifting up without clutch operation when shifting up during acceleration (Engine speed is more than 1,500 rpm).**

<Shift up>

- Shifting up without clutch and throttle operations.

<Shift down>

- Make sure to operate clutch to shift down.

METER VISOR

- When this accessory becomes dirty, rinse it thoroughly with cool water to remove loose dirt, then wipe with a clean cloth or sponge. Do not use a brush to clean this accessory as it may scratch the surface.
- Never use organic solvents such as gasoline, thinner and benzine to clean this accessory. Also do not use acid or alkaline cleaners to clean this accessory. Wipe up spilled brake or battery fluid at once as they may damage the surface.
- Handle this accessory with care. It can be damaged when it is bent excessively or is subject to strong shock or impact.

SAFETY INFORMATION

The following sentences show the label meaning.
Some labels warn you of potential hazards that could cause serious injury.
Others provide important safety information.
Read this information carefully and don't remove the label.

If a label comes off or becomes hard to read, contact your Honda dealer for a replacement.

There is a specific symbol on each label. The meanings of each symbol and label are as follows.

Read the use and care information in installation instructions or genuine accessory user's guide carefully.
Read the **LOAD LIMITS AND GUIDELINES**, and **TYRES** sections in owner's manual.

DANGER (with RED background)

You **WILL** be **KILLED** or **SERIOUSLY HURT** if you don't follow instructions.

WARNING (with ORANGE background)

You **CAN** be **KILLED** or **SERIOUSLY HURT** if you don't follow instructions.

CAUTION (with YELLOW background)

You **CAN** be **HURT** if you don't follow instructions.

Refer to this information for the meanings of the symbols shown on the accessory.

SCREEN WARNING LABEL

Never ride a motorcycle equipped with accessories and a cargo at speeds above 130 km/h (80 mph).

Added accessories and cargo can reduce a motorcycle's stability, performance and safe riding speed. A motorcycle's stability is influenced by an improper loading, worn or under-inflated tyres, the overall motorcycle condition and environmental conditions.

Do not park the motorcycle with the sun shining on the backside of the unit; the reflection may damage the motorcycle parts.

Never use organic solvents such as gasoline, thinner and benzene to clean this accessory. Also do not use acid or alkaline cleaners to clean.

Replace the windshield if clear vision is obstructed.

Select a firm, level surface when you park the motorcycle.
Also bear in mind that strong wind can cause the motorcycle to fall to the ground.
