TORQUE INFORMATION

Refer to the Service Manual for the torque values including standard torque of the removed parts. (📖)

< Notes regarding the key cylinder >

- This product is used to assemble a key cylinder matching the motorcycle key by combining six types of tumblers.
- When this key cylinder is installed in a box or similar equipment, the installed equipment can be operated with the motorcycle key.

INSTALLATION

1. The two sub-lock tumbler types shown are provided.
 - The  part has a different slot for each of the two sub-lock tumbler types.
 - As the tumblers are small, keep them in the bag until they are used.

The stopper tumbler (13) will be used later.

INSTALLATION IMAGE

2. The six tumbler types shown are provided.
 - The  part has a different width for each of the six tumbler types.
 - As the tumblers are small, keep them in the bag until they are used.

3. Install the tumblers and springs (silver) as shown.
- First install four No.1 tumblers.
 - Note the installed tumbler to below chart.

Insert tumblers and springs at the shaded positions.

| | Position A | Position B | Position C | Position D |
|--------------|------------|------------|------------|------------|
| No.1 tumbler | | | | |
| No.2 tumbler | | | | |
| No.3 tumbler | | | | |
| No.4 tumbler | | | | |
| No.5 tumbler | | | | |
| No.6 tumbler | | | | |

4. Insert the key as shown.
- Lightly press down on the tumblers from above, then insert the key.

5. Confirm that some tumblers are projecting. Mark the positions of the projected tumblers.
- The positions where tumblers project and the projecting height differ according to the key.

6. Press down lightly on the tumblers, pull the key out.
- The tumbler springs may jump out if the tumblers are not pressed down lightly.

7. Pull out the projecting tumbler(s).
 • Leave the spring(s) installed.

8. Insert a different tumbler(s) at the marked positions.
 • Use a tumbler of next number one stage.

9. Repeat steps 4 to 8, inserting different tumblers at the marked positions until no tumblers are projected.
 • Lightly press down on the tumblers from above, then insert the key.

10. Install the tumblers and springs (silver) to the reverse side inner cylinder as shown.
- First install two No.1 tumblers.

• Note the installed tumbler to below chart.

| | Position E | Position F |
|--------------|------------|------------|
| No.1 tumbler | | |
| No.2 tumbler | | |
| No.3 tumbler | | |
| No.4 tumbler | | |
| No.5 tumbler | | |
| No.6 tumbler | | |

11. Use steps 4 through 8 to assemble the reverse side inner cylinder in the same manner.

12. Install the sub-lock tumbler as shown.

Insert sub-lock tumbler and spring at the shaded position.

· Note the installed tumbler to below chart.

| | |
|--------------------|--|
| Sub-lock tumbler A | |
| Sub-lock tumbler B | |

13. Confirm that sub-lock tumbler is not projecting.
 • If the tumbler is projected, change the another sub-lock tumbler and recheck.

Not projection.

Not projection.

14. Install as shown.
- Confirm the inner cylinder turns clockwise smoothly.

15. Pull out the inner cylinder (3), and press down lightly on the tumblers and pull out the key.

16. Install as shown.

17. Insert the key as shown.
- Lightly press down on the tumblers from above, then insert the key.
 - Confirm that the stopper tumbler jumps out.

18. Install as shown.
- If the inner cylinder cannot be inserted, again confirm that no tumblers other than the stopper tumbler have jumped out.

19. Draw out the key and check that the inner cylinder does not come out.
20. Install the inner cylinder to another pannier case in the same manner.
21. Refer to the installation instruction manual for the pannier support stay, install the pannier support stay.

How to install the pannier case

1. Raise the handle lever as shown.

2. Install as shown.

· First engage at the rubber and then install at the two holes.

3. Push down as shown.

4. Lower the handle lever as shown.

5. Remove the key. Be sure that the handle lever cannot be released.

6. Check that the left pannier case is installed securely by swinging the left pannier case taking care not to fall the motorcycle down.
 - Make sure that the rubber parts and hook are installed securely.
 - The left pannier case can come off during riding unless it is mounted securely.

7. Install the right pannier case in the same manner as the left side.

How to remove the pannier case

1. Raise the handle lever as shown.

2. Remove the pannier case in the reverse order of installation.

How to open the pannier case

1. Pull the plate lock to open the lid as shown.

How to close the pannier case

1. Close and lock the pannier case in reverse order of opening.
 - Be careful not to have the stored item pinched when the pannier case is closed.
 - Be careful not to pinch the stopper belt when the lid is closed.

How to store the pannier inner bag

1. Open the pannier case and store the pannier inner bag.
2. Close the pannier case.
 - Be careful not to have the stored item pinched when the pannier case is closed.
