USE AND CARE INFORMATION

- Clean this accessory with warm soapy water and a sponge or soft brush. Let it air-dry.
- Do not use a washing machine or dryer.

NOTICE

- Towing the vehicle with this accessory installed can damage painted surfaces and body panels. Remove the cover before trailering the vehicle

INSTALLATION

NOTE:

- Allow the vehicle to fully cool before installing this accessory.
- Remove any accessories with sharp edges that could cut the cover before installing it.
- It may be easier to install the cover with the driver side zipper open.

1. Orient the cover with the Honda logo facing forward over the front of the cab frame.
2. Place the cover over the top of the vehicle, covering the back and front of the cab frame.
3. Pull the front of the cover over the hood and headlights.

When using this cover with factory optional Honda mirrors, first separate the hook and loop openings located on either side of the windscreen panel of the cover to allow the mirrors pass through. Once the cover is installed and mirrors are through the openings, close the hook and loop fasteners behind the mirrors where possible.

4. Pull the rear of cover towards the ground.
5. Pull the front of the cover towards the ground.
6. If open, close the driver side zipper.
